An exceptional piece with captivating symbolism: this elegant snake ring in 750 white gold unites expressive design with a captivating play of colours and contrasts. The snake has always stood for elegance, strength, renewal and timeless beauty, and makes this ring a very special eye-catcher.

The polished and ruthenium-plated finish underlines the modern, noble look of the white gold. The piece gains particular character from the combination of different gemstones: two emeralds form the eyes, while 20 yellow diamonds and 60 black diamonds create a captivating play of colour.

The stones are bezel-set and pavé set and, with diameters of approx. 1.8 to 2.0 mm, are precisely integrated into the design. The yellow diamonds set warm, luminous accents, while the black diamonds provide depth and a mysterious contrast.
