Natural, modern and extraordinary: this stylish pair of wedding rings from Fischer Trauringe unites fine rose gold 750 with a striking bark texture and a modern carbon element.

The characterful bark texture gives the rings a lively, individual surface, while the dark carbon sets an exciting contrast to the warm rose gold. The result is an expressive design that joins tradition and modern aesthetics.

The ladies' ring is enhanced with seven sparkling diamonds. The diamonds, with a total of 0.035 ct in G/SI quality, are elegantly pavé set and provide discreet, refined reflections of light.
