Timeless design meets modern elegance: these exclusive wedding rings from Fischer Trauringe combine warm rose gold 750 with a striking carbon wave. The matt surface gives the pair a refined, understated presence, while the dark carbon sets a stylish contrast to the warm gold.

The ladies′ ring is complemented by a finely sparkling diamond of 0.02 ct. The diamond, in G/SI quality, is bezel-set and adds a discreet, elegant accent.

A special pair of wedding rings for couples who value high-quality materials, modern design and an individual character, made for a shared path.
