An expressive pair of wedding rings from Fischer Trauringe that combines fine materials with an extraordinary surface texture. The interplay of white and red gold 750 gives the rings a harmonious yet modern look.

The striking bark texture makes each ring a special unique piece and creates a natural, lively surface. In the ladies′ ring, a finely sparkling diamond of 0.02 ct sets an elegant accent. The diamond, in TW/SI quality, is flush-set and blends discreetly into the characterful design.

A pair of wedding rings for couples who seek the special and wish to express their bond with an extraordinary piece of jewellery.
