Modern, refined and full of character: this special pair of wedding rings in white gold 750 combines a striking hammered texture with a finely matt surface. The play of light and structure gives the rings a lively yet elegant presence.

The ladies' ring is enhanced with 40 sparkling diamonds. With a total of 0.35 ct in F-G/VS quality, the pavé-set diamonds provide a beautiful sparkle and set a stylish contrast to the textured surface.

The different widths underline the individual design of the ladies' and men's rings. An expressive pair of wedding rings for couples who love modern design and special surfaces.
